Zirari Yassîn

IT technician & software developer

yas.zirari@gmail.com | +32 475 612 116 | Jette, Brussels, Belgium | zirariyassin.github.io

Profile

Junior analyst programmer with hands-on experience in IT support, computer repair and software development. I'm used to hardware troubleshooting, networking basics and web development, backed by my studies at ULB/EPFC. I'm at ease in French and English, and just as comfortable working alone as in a technical team.

Skills

Development
- Java
- Python
- C#
- ASP.NET Core
- Django
- JavaScript
- React
- Angular
- Three.js
- HTML5 and CSS3
- SQL
- Git
- Jenkins
- Chrome extensions

Infrastructure
- Windows Server
- Active Directory
- Group Policy
- PowerShell
- VirtualBox
- LAN and Wi-Fi
- Hardware diagnostics
- PC assembly and repair
- Packet capture
- Basic security

Experience

Cluster IT technician | Novarys
- Provided on-site IT support for users and equipment across the cluster.
- Installed, configured and replaced workstations and peripherals.
- Diagnosed hardware, software and LAN or Wi-Fi faults, and followed each one through to a fix.

Chrome extension developer | Bump | Media company
- Developed Chrome extensions for a media company, built with JavaScript, HTML and CSS.

Junior developer / IT assistant | SPEOS | Interim
- Contributed to the development of a print-spool management program for internal automation.
- Used Git and Jenkins for versioning and builds; helped deploy and monitor test builds across environments.
- Worked with QA and operations to troubleshoot print-job errors and improve performance.

Independent IT technician & web developer | Freelance | 4 years
- Built, upgraded, repaired and optimized desktop systems for private clients and small businesses.
- Diagnosed hardware, software and network issues, including LAN/Wi-Fi, connectivity and basic security.
- Designed and built client websites and managed clients on my own, from communication to technical follow-up.

Polyvalent printing operator | SPEOS | Student job
- Operated and maintained high-volume printing equipment: Riso T2100, Xerox Nuvera and Canon ColorStream 6000.

Store assistant | Okay Jette | Student job
- Ran the cash register and helped customers with questions, recommendations and problems.

Projects

HelpDesk
IT support ticketing app: roles, priorities, deadlines, dashboard.
